

Graysville Board of Mayor and Commissioners
Graysville Municipal Building
January 13, 2015 7:00 p.m.

Call to order by Mayor Ted Doss

Prayer led by Mayor Doss

Pledge led by Commissioner Beene

Roll Call:

Mayor Ted Doss	Present
Vice Mayor Denesa Reel	Absent
Commissioner Andy Beene	Present
Commissioner Charles Kaylor	Present
Commissioner Michael May	Present

Approval of Minutes for December 11, 2014

A motion to accept November 13, 2014 was made by Commissioner Kaylor; 2nd by Commissioner May. Motion carried 4-0.

Communications from Mayor and Commissioners

None at this time.

Consent Agenda

Reports from Kristopher's Kingdom, Water Department, Library, Fire Department Report and Police Department Reports.

A motion to accept the consent agenda was made by Commissioner Kaylor; 2nd by Commissioner May. Motion carried 3-0.

Old Business

Auction of Vehicles

Mayor Doss "Do we have an update on that please?"

City Recorder Pankey "Officer Hoback has taken pictures, started vehicles to make sure they would start and stuff so we are ready to put them on there."

Mayor Doss "Any questions? If you would, keep it on agenda please."

Fire Department Storage Building

Mayor Doss "Two months ago we discussed it, any information on that please?"

City Recorder Pankey "I do I have several papers here from the barn yard Affordable Portables is what they are called they have several quotes on wooden and steel, Clayton Enterprise and Back Yard Outfitters."

Mayor Doss "One is from Adam Sims parking lot and the other is from Clayton."

Commissioner Kaylor "What size did we look at?"

Mayor Doss "It was like a 10x16 and a 10x20 is what we discussed and I think the metal ones have a tendency to sweat the wood does not. Also we discussed after the fire department is built and they move their stuff inside then that will open it up and to the city to store other items in there. So it's not just an 18 month purchase."

Commissioner May "I don't think we could build one this cheap."

A motion to purchase the one with loft for \$2845.00 was made by Commissioner Kaylor; 2nd by Commissioner May. Motion carried 4-0.

Awnings

Mayor Doss "Have you been able to research it any farther?"

City Recorder Pankey "I did I talked with the guy and he said he would still honor the prices from before and we have a list of those in the vendor folder."

Commissioner May "How many are we looking at buying this time?"

City Recorder Pankey "I think there were five. But the police department has theirs so I don't know if you would want remove theirs to put on back up."

Mayor Doss "One at the water treatment plant could take the place of that one if board approves."

Commissioner May "What was the price Tracey?"

City Recorder Pankey "I don't have price with me Michael but I could get it."

Commissioner May "That's fine."

A motion to purchase the five awnings was made by Mayor Doss; 2nd by Commissioner Kaylor. Motion carried 4-0.

Paving

Mayor Doss "We have finished on the paving there is some minor issues, Gary has went out and looked at a few things and contacted the paving company did they get back with you today?"

Public Works Director Gary Doss "Yes they said they would take care of it when they can."

Mayor Doss "For they recording here you said that just soon as they go back to work they will come back and pave the spots that need paved."

Commissioner Kaylor "That's all we can ask for."

Commissioner Beene "Do you have a punch list on that?"

Public Works Director Doss "The Methodist Church parking area they are going to go in 3-4 foot with slope grade on it. The Church of God parking lot around the grade on Harrison Avenue they are going to pave around that. Pikeville and Long they are going to fix, soon as they fire the plant back up they will be down here to take care of it for us."

Commissioner Beene "Corner of Hickman Lane and Dayton Avenue you can see the old pavement is coming thru."

Commissioner May "Is that going to take care of my flooding?"

Public Works Director Doss "Michael I think it's the road causing your water to get up there as the water has to get up as high as the road before it will go across."

Commissioner May "I didn't flood before."

Public Works Director Doss "Before the road was ground level there wasn't a 4 inch curb on the side of it. They said there is nothing they can do now that the pavement is set. So I don't know what to do. I don't like the way it is at my house either."

Commissioner May "It wasn't like that till paving come thru so."

Public Works Director Doss "I understand that but that's why the curb."

Commissioner Beene "We talking about drainage to on this one or just the paving?"

Commissioner May "Should all go together?"

Mayor Doss "Well it's under new but if you want we will scratch it off and put it on the old."

Commissioner Beene "They just kinda go together I think and with Gary being in charge of that part of it we need to talk about it because some of the ditches/tiles need cleaned out. In the agenda setting meeting we discussed Harrison, Pikeville Avenue and Long Street they really need to be looked at because with the new pavement it has threw some water in different directions. We already had some problems with it before the paving we need to try and correct those."

Mayor Doss "If you will get with Tracey and do what you can since it's still winter time."

Crown Motors

Mayor Doss "We had tabled this highlight us on that give us an update please?"

City Recorder Pankey "You had tabled it because it was towing on a green jeep wrangler. I spoke with Jr at Crown Motors who was actually the guy who towed it and he doesn't know why it was towed but it was towed here."

Mayor Doss "Chief do you know anything about it?"

Police Chief Erik Redden "The green jeep was a stolen vehicle that we found and brought it back here, contacted Chattanooga Police Department they contacted the owner. In my opinion they have already been a victim of theft and in my opinion it wouldn't feel right to victimize them again."

Mayor Doss "Anybody arrested?"

Police Chief Redden "Yeah Chattanooga arrested them."

Mayor Doss "Will you or the person who recovered it have to go to court at all?"

Police Chief Redden "No."

Mayor Doss "Any other questions?"

Commissioner Kaylor "Their insurance wouldn't cover it?"

Police Chief Redden "I don't know that they had insurance. The way I understood it, it was a recreational vehicle so I don't think they even had it insured."

Commissioner Kaylor "Have tags on it?"

Police Chief Redden "It did have tags on it."

Commissioner Kaylor "Tags and registered it should have insurance."

Police Chief Redden "I absolutely agree with you."

Mayor Doss "We will probably just have to bite the bullet on it; it would cost us more to chase it down."

Police Chief Redden "Right."

Mayor Doss "Tell us what the procedure is once it's towed. You get the paperwork then paperwork goes to front office."

Police Chief Redden "Typically what will happen is when we tow a vehicle we have what's called a tow sheet with all information on the vehicle and why it was towed, then towing company sends us a bill, it comes back to me and I do a purchase order for it and send it back up to Tracey or Amanda."

Mayor Doss "Somewhere along the line it didn't get explained when it went upfront."

Court Clerk Applications

Mayor Doss "As of today we got two. Is that correct?"

City Recorder Pankey "Yes that's correct."

Commissioner Kaylor "Are these on here for us to look at or what are they for?"

Mayor Doss "I think."

City Recorder Pankey "I just made you a copy."

Commissioner Kaylor "Okay because I thought we passed all the power back to the city recorder to do the hiring and firing."

Mayor Doss "I think you had to hire two people today didn't you."

City Recorder Pankey "Yes for sanitation."

Mayor Doss "So everyone has copy of applications? Anymore questions?"

Approval of July 3, 2014 Minutes

A motion to accept July 3, 2014 was made by Mayor Doss; 2nd by Commissioner Kaylor. Motion carried 4-0.

Approval of July 10, 2014 Minutes

A motion to accept July 10, 2014 was made by Mayor Doss; 2nd by Commissioner Kaylor. Motion carried 4-0.

Approval of July 17, 2014 Minutes

A motion to accept July 17, 2014 was made by Mayor Doss; 2nd by Commissioner Kaylor. Motion carried 4-0.

Approval of July 24, 2014 Minutes

A motion to accept July 24, 2014 was made by Mayor Doss; 2nd by Commissioner Kaylor. Motion carried 4-0.

Approval of July 31, 2014 Minutes

A motion to accept July 31, 2014 was made by Mayor Doss; 2nd by Commissioner Kaylor. Motion carried 4-0.

Approval of August 13, 2014 Minutes

A motion to accept August 13, 2014 was made by Mayor Doss; 2nd by Commissioner Kaylor. Motion carried 4-0.

Approval of August 20, 2014 Minutes

A motion to accept August 20, 2014 was made by Mayor Doss; 2nd by Commissioner Kaylor. Motion carried 4-0.

Approval of August 26, 2014 Minutes

A motion to accept August 26, 2014 was made by Mayor Doss; 2nd by Commissioner Kaylor. Motion carried 4-0.

Approval of September 4, 2014 Minutes

A motion to accept September 4, 2014 was made by Mayor Doss; 2nd by Commissioner Kaylor. Motion carried 4-0.

New Business

Fire Department Applications

Mayor Doss "Do I have a representative here from fire department? Do I have any questions for Scott?"

Commissioner Kaylor "What's your opinion?"

Deputy Fire Chief "Are you talking about the two new ones? They will be good ones."

A motion to accept Dakota Cordell Jackson and Kirsten Paige Miles applications for fire department was made by Commissioner Kaylor; 2nd by Commissioner May. Motion carried 4-0.

Drainage System

This was taken care of under Paving in Old Business

Meeting Night Change

Mayor Doss "We had changed it from second Thursday to the second Tuesday was there discussion on this tonight?"

Commissioner Beene "Yes I was going to ask our attorney if he could meet on any Monday night? I had a lot of citizens that don't like Tuesdays."

Mayor Doss "I got a problem with Mondays."

Commissioner Kaylor "I got a problem with it; we have family dinners every Monday."

Mayor Doss "I go to other meetings and I sing with a group in Chattanooga and they practice on Mondays."

City Attorney Ed Boring "The only Monday I have busy is the second Monday. I can't do the second Monday."

Commissioner Beene "I think we need to look at moving it back to the original first Monday of every month then."

Mayor Doss "Like I said I have a problem with it as I have other meetings I go to."

Commissioner Beene "Every Monday? The third Monday or fourth Monday?"

Mayor Doss "It varies, depending on the season we meet every Monday nine weeks before Christmas and our concerts thru out the area."

Commissioner Kaylor "I have family dinners every Monday and I also had citizens complain because we changed it from Thursday."

Commissioner Beene "That's why I had it put on the agenda so we could discuss it, I just like Mondays better."

Mayor Doss "Since we changed it over and everything I have committed myself to certain Mondays with other things. It's hard to bounce from Thursday to Tuesday to Monday. Once you establish the date then you schedule your life out and other business around the meetings and stuff. I don't see that I personally can go along with changing it again."

Public Works Director Doss "You go to the first Monday of the months that's going to make it pretty rough on department heads to get our reports in."

Commissioner Beene "I don't mind a Monday in the later month it doesn't have to be on the first."

Mayor Doss "Any other discussion?"

New Sign at Lone Mountain Cemetery

Mayor Doss "If you have gone by there you have seen the sign is on its last leg. My suggestion is we take it down and try to rework it or we could possibly get with General Shale and see if they would donate the brick to put brick frame around it. Table till I talk to General Shale put it as old business next month."

Mr. & Mrs. Lynn Gordy Roadblock on January 31, 2015

A motion to allow Gordy family roadblock was made by Commissioner Kaylor; 2nd by Commissioner Beene. Motion carried 4-0.

Election Commission Absentee Ballot Ordinance

Mayor Doss "We have about eight citizens who have the right to vote even though they don't live here. It would be a lot smoother for them and we would have to do it thru an ordinance, do you have pro or cons with that?"

City Attorney Boring "What I have seen done in the past it's a whole lot easier on the election commission but sometime it's not as easy for your voters. But it is up to you."

Mayor Doss "When Tom came down he said they would mail forms out to citizens."

Commissioner Beene "I'm curious how Pikeville and Spencer have their ordinance on property owners who own property inside city but live outside city?"

City Attorney Boring "Spencer ask them to do it by absentee ballot and they plan to do it. Pikeville just passed resolution to allow property owners to vote. It is your discretion either way is legal."

Commissioner Kaylor "City of Dayton just passed that didn't they?"

Mayor Doss "They had the first reading on it they got one more reading. Two years ago there were some issues at the polls whether they were or were not as you have to go up and register."

City Attorney Boring "In the last Spencer election it was contested up two people can vote as property owners or you can limit it to one but they had three voters who live at the same address but didn't have three different parcels to allow them to vote and they fussed about it. You do have to register to prove that you're a property owner and that you're qualified to vote."

Mayor Doss "The county and election committee set it at only two per household can vote if you own property inside."

City Attorney Boring "The state law says you can limit it and two is the maximum."

Mayor Doss "Okay any other discussion on it?"

A motion to draw up the ordinance for board to look at was made by Commissioner Kaylor; 2nd by Mayor Doss. Motion carried 4-0.

**Any/All Purchases to be approved by City Recorder unless
Emergency**

Mayor Doss "We have to get things under control, there is spending that goes on that we don't know about until we get the invoice then there's questions about it that you can't answered until you get to city meeting just like the seventy five dollar bill right there. I think everything needs to go across city recorders desk to get approved unless it's an emergency. If Gary comes in and has two flat tires on the garbage truck and she's on vacation I figure that's an emergency. I think it warrants doing it at this time."

Commissioner Kaylor "She has to inter guard who spends it. The city recorder has to answer for each and every dollar spent out of here; she needs to know where it's going."

Mayor Doss "Like I said if it's an emergency they can still let her know."

A motion that any/all purchases to be approved by city recorder unless Emergency was made by Mayor Doss; 2nd by Commissioner Kaylor. Motion carried 4-0.

Red Light at Hickman Lane and Hwy 27

Mayor Doss "We meet with TDOT the other day and it wasn't about the red light but we turned to that while we had him here. The chief came in and talked about the wrecks, in seven weeks there were twelve or more wrecks out there and he ask if there were any deaths? I said no. They are going to look into it and get back with us but I would like to start right here with getting the board to approve that we put it on letterhead and send it to TDOT, we get with our state representative and congressman and show the problems that we are having out there. It's going to make 20,000 people mad everyday out there but it will possibly save lives to. It just takes a split second for you to pull out in front of a car and I have to think about our citizens, visitors and anybody out there."

A motion to draw up letter to send to TDOT requesting red light at Hickman Lane and Rhea County Highway was made by Mayor Doss; 2nd by Commissioner Kaylor. Motion carried 4-0.

Jerry Burton

Mayor Doss "On the agenda it just says Jerry Burton."

Jerry Burton "This board voted a couple months ago about me being able to put mobile homes on Dayton Avenue and it was tabled so I would like to know whether I can or I can't."

Commissioner Kaylor "According to TCA code it has to go back to regional planning committee not ours but to rezone it has to go back to regional planning board."

Mr. Burton "That wasn't the statement setting right here."

Commissioner Kaylor "It's the law a TCA code."

Mr. Burton "Just do whatever is necessary and give me an answer."

Commissioner Kaylor "It will be up to planning commission to send it to state regional planning commission."

Approving Pay (Rick Anderson)

Mayor Doss "Approval of pay for Rick Anderson, any discussion on this?"

Commissioner Kaylor "We owe him money, pay him."

Commissioner Beene "I think that was put on there for anybody's pay to where we need to see who is getting paid and who's working because I have not seen Rick Anderson work and I signed a check for him and I'm curious to what hours he is working now and when he is working because when he sued us he said he hadn't been working and we are writing a check to him it shows me he is working so that's contradicting that statement. So we need to know who's working and who not and I would like to see everybody's hours when they are getting paid."

Mayor Doss "Any farther discussion on that?"

City Recorder Pankey "Commissioner Beene we have the payroll anytime you would like to look at it if you will just ask me I will be more than happy to show you. Officer Anderson is not actually getting patrolling hours but he is turning in hours from where he has been to court and to classes that were prior to the lawsuit and that is why he had gotten a check."

Commissioner Beene "I went to court the other day and he was supposed to have been in court on another incident and he wasn't there for that so that shows me that he is not even going to court but turning in time for going to court something is wrong with that picture."

Mayor Doss "If there is any dispute on it I'm sure we can get with Jamie Holloway to see whether or not he was there on that particular day because his case would be there whether they put it off or dismissed it or whatever so anytime there's a dispute just get with Tracey and she can contact them. Any other on this?"

No City Employee – City Volunteer to carry gun on person and/or on premises except Certified Police Officers

Mayor Doss "Chief if you will come up and let me get your advice on this. Being a police officer do you know whether or not an employee that not certified as a police officer that warrants carrying a gun to work?"

Police Chief Redden "It depends on the situation what job they have that kind of thing."

Mayor Doss "Sanitation?"

Police Chief Redden "Probably not, I don't see a reason why they would have to."

Mayor Doss "Secretary?"

Commissioner Kaylor "City Recorder?"

Mayor Doss "City Recorder?"

Police Chief Redden "Sometimes she might need one."

Mayor Doss "Who all in your department carries a gun or brings a gun to work?"

Police Chief Redden "The officers obviously and animal control, that's pretty much it."

Mayor Doss "When you say animal control why does he carry a gun because we had this discussion five years ago about animal control wanting to carry."

Police Chief Redden "They use to."

Mayor Doss "Not while I been here."

Police Chief Redden "When Kenny Riley was here he carried a gun. But the reason he is actually carrying a gun now is like today he was bitten luckily he didn't get hurt and he was able to handle it. But if he gets in a situation where an animal comes at him he needs to be able to dispatch the animal if he has to obviously that's the last resort just like with a police officer it's the last resort to pull a gun. Also with him being a code enforcement officer he has limited police powers, makes him basically a special officer he has arrest powers and he can cite to court and so forth."

Mayor Doss "If you will have a seat here I'll ask our attorney about this. I don't care what office you work in I just want your feedback on city employees besides police officers carrying a gun it doesn't matter if they are the city recorder or secretary, librarian, animal control what do we need to look at here?"

City Attorney Boring "You need to look at liability the biggest thing. I think what you're going to find out is if you got people carrying guns around your insurance carrier is not going to cover that. If somebody goes and shoots somebody or accidentally shoots a dog or something like that you're going to end up paying it out at city cost it's not going to be covered by TML. The question I had is your auxiliary officers, I have seen several cities and counties get these and it's always ended up a problem later on there always been a lawsuit. If you will look at police officer's you got people who need to be trained this is a very stressful situation a situation that could crumble in no time. What they do is they rely on their training and experience, if you have neither then you don't know how to react. When you got someone carrying a gun in a situation like that they don't know what to do and they get scared they may use that gun and I have seen it happen, I have seen lawsuits. If you're going to have auxiliary officers you need to look and make sure each and every one of them have fulfilled those requirements that I have given you, you need to make sure TML or your insurance carrier is going to cover them if they don't my suggestion and my opinion is don't let them work they don't need to be doing it. As far as an animal control officer or anybody else carry a gun nobody else needs to carry a gun. If he thinks he is going to have problems with building inspections he needs to get one of these city cops to go with him that would be my suggestion that way we cut back down on your lawsuits. As far as him being able to carry a weapon I would say no. Now they just changed the law and I think it went into effect the first of the year if you have a concealed carry permit it pretty well opened it up to some extent but I talked to Melissa Ashburn with MTAS and I talked to the district attorney over here and I talked to the one in Marion County and they both agreed that he shouldn't be wearing one. My opinion is that nobody carries a pistol unless they meet the qualification that's covered under the insurance and TML says they will cover them."

Mayor Doss "Do you have a problem with that?"

Police Chief Redden "We can definitely look into it."

Commissioner Kaylor "Do what chief? I didn't hear you."

Police Chief Redden "I said we can definitely look into it with TML and make a decision."

Commissioner Beene "Let me see if I understand our attorney you don't have any problem with them carrying it as long as they have went thru the regular training a police officer has is that what you said?"

City Attorney Boring "I'm saying what you got to do at a minimum is I have provided you with what it takes to be an auxiliary police officer, they need to fulfill that they need to be basically certified by POST that they are an auxiliary enforcement officer that would be number one and number two would be make sure and after talking to Melissa I'm not real sure that TML is going to cover these folks. But make sure TML is going to cover them if TML says no we aren't going to cover them if something bad happens I would not do it."

Commissioner Beene "So has anyone contacted TML?"

Mayor Doss "Our attorney."

City Attorney Boring "No I haven't talked to TML I talked to Melissa Ashburn with MTAS."

Mayor Doss "Oh okay MTAS."

City Attorney Boring "Yes she is the legal consultant up there. And once you find out if they meet the requirements get with your insurance carrier and ask if they are covered and if they say no they are not, don't use him."

Commissioner Beene "I think we have gone down this road several times and I think that's what came up the last time. If our insurance will cover them then we are in good shape if not we don't need to get ourselves in a liability."

City Attorney Boring "You're not necessarily in good shape."

Commissioner Beene "Not in good shape."

City Attorney Boring "That just means you're covered."

Commissioner Beene "Just covering the bases."

City Attorney Boring "Yes and this is just my opinion and I have been practicing for 25 years when I say this its free labor and gets someone to ride around with but sometimes it's just not worth it. Because you got people doing a bare bones training because when you get in a tight situation you rely on your training and your experience and if you got neither then you're a liability and most of them I think most are not being personal but being straight forward."

Mayor Doss "We kinda covered two different subjects here with this conversation so my motion is stop auxiliary until we can get with our insurance company (TML) and MTAS to see where we are at so no more auxiliary till we get everything settled with insurance company and make sure we are doing what we are supposed to be doing and we will bring it back when we get to that point and I'll put that on city recorders table to get with them and if she has any questions about what they are doing out there whether they are carrying guns, if they are making arrest, if they are frisking people whatever they need and then there is a list of things that they have to have: high school education or equal to and all these other things so they have to dot the i's and cross the t's themselves. And no other city employee can carry gun."

A motion to stop auxiliary program and that no other city employee can carry gun except certified police officers was made by Mayor Doss; 2nd by Commissioner Kaylor. Motion carried 3-1. Commissioner Beene voting No. Mayor Doss, Commissioner May and Commissioner Kaylor voting Yes.

Auxiliary Police Officer Program

This was taken care of under No City Employee – City Volunteer to carry gun on person and/or on premises except Certified Police Officers above in New Business

Communications from citizens

Linda Miller "I would like to thank three of you commissioners for getting back with Dennis or I and let two of you know that didn't get back to me or Dennis that I didn't appreciate it as you deal with the public. This is a police report and I could care less that Ryan was arrested he was driving on revoke license so he was arrested and it shocked me none. But I sure didn't like how I was talked to and I don't know if Anderson is going to come back here but he does I definitely have some complaints on him. This is compliment on the young boy Spain I don't know his first name but he has a level head and he would make a very good officer to move up. One said compliment (Spain Jr.) and one says compliant the compliant is against Lee Spain the way he talked to me the night they arrested him I was in bed and had to get up on my oxygen and not one time did I ask the man not to take Ryan to jail I did ask him to please not take our car and he took it anyway. Legally he could but I do feel like he was following Ryan around, I don't think it was a legal stop but the thing is when I was talking to him about the car instead of him discussing the car with me he was carrying on Ryan. I didn't care that he arrested him, he turned his head and did this to me (she turned her head and covered side of her face) and said oh what was I supposed to do let him break a law and act like I didn't see him. I didn't even mention him taking Ryan to jail why would he even mention that to me? That's not a very good

police officer that was just silly and childish. I don't like it because this is what he said to me he said I was lucky that he confiscate my house because he has heard Ryan was second hand selling drugs well fine but don't make a threat to me. Is that doing me a favor I mean if you're a decent officer and really heard that and was concerned about me say hey you might want to check your sons pockets when he walks in your house and make sure he has not got something on him, why would you say something like that to me? I'm talking to you about a car and you're carrying on about Ryan. I have never come over here on you guys about Ryan or Todd going to jail ever I have come when some of the police officers have been smart elects with me and I have gave compliments when they been due to officers. I don't want him to start following us, I don't want me harassing us and I don't want him harassing no one in my family or anyone who comes to my house. I have four brand new tires setting over there that is stabbed that I gave the Graysville Police the name of the person that was supposed to have done it and nobody took care of that yet. But yet I get talked to by turning his head saying get the truck fixed because I said the car was easier for me to get my oxygen in and out so Spain told me to get the truck fixed as I'm trying to explain that lifting up for me is hard because I'm weak. But I do pray that somebody does get the car and it's not a drug dealer that's its someone who really needs the vehicle because I'm driving a 1992, I'm happy, I'm blessed of course I would like to have my 2006 I just paid it off in July but that's life, I'm not going to die over it like I said I got a car now I'm okay. I just don't like the way I was talked to it was like it was all about Ryan it wasn't about what I was talking about the car. I talked to him on Thursday he ran up on Friday and got the judge to sign it and sent it right off. Dennis came and talked to him on Friday and he didn't tell Dennis he had did all this already you know be honest just tell us you did. Plus the law has seven days before they have to turn it in to the state, so he had his mind made up to begin with so he had time to think about it, I know there is times when officers have to make a split second decision but in this case you did not have but I mad about how he talked to me. And my second hand information is that because Anderson has it in for me this is why Lee is doing this stuff is this true or not. I haven't done nothing to nobody over here, I have not got into any messes and I like to see our town pull together; bring it back to how it used to be. But I do want something done about the way he talked to me."

Commissioner Kaylor "Was he hateful?"

Mrs. Miller "He wasn't hateful it was more like mocking thing."

Commissioner Kaylor "You should have been respected as a citizen as they were not arresting you."

Mrs. Miller "Like I said it wasn't hateful it was more like mocking thing. I mean just be honest and say it but don't mock me when you're talking to me. The night at my house I said please don't take my car and he said we will see. Then when I had to go in and get my oxygen and I came back out the door (remind you its twelve o'clock at night) Ryan was in cop car and had to get out and unlock the door on the silver car. He should have had tape recorder on everything should be on there."

Mayor Doss "If Tracey can get with chief and listen to recording."

Mrs. Miller "There should be two, he arrested Ryan after midnight on Wednesday and Thursday when he came into work at seven I was here waiting on him to ask him not to turn it in to state and let us have our car back."

Mayor Doss "Is the board okay with Tracey and the chief listening to tape and reviewing it."

Commissioner Kaylor "Sure if it's not been erased and still exist we need to listen to it."

Mayor Doss "I pretty sure its back there they keep stuff."

Mrs. Miller "By him being so cocky he kept saying we sold Ryan the car or whatever but I don't know what Dennis said he may have I don't know what I said that day and I told him Thursday I don't know what I said. Me and Dennis are trying to work it out but I went and filed for divorce and it is in the papers the car can't be sold until we went thru the courts. I appreciate you and your time and I appreciate you letting me talk."

Mayor Doss "We are going to have an executive meeting after this meeting with the attorney in recorder's office."

Frieda Gadd "We had discussed turning trailer park into trailer parks a couple meetings ago and you told us you would get back with us on it."

Mayor Doss "Turn trailer park into trailer parks I'm confused."

Ms. Gadd "You tell us we can't put single wide's in our trailer parks and I don't understand why if they are trailer parks why we can't put single wide's in them?"

Mayor Doss "You came in 2014 and got a variance to put single wide in and the zoning and appeals board approved it I believe is that right?"

Ms. Gadd "Yea. So if I want to put another one in down there now I have to do the something?"

Mayor Doss "Yes ma am, at this point you have to come back to planning commission and then if they lead you back to zoning and appeals then you go thru that process."

Ms. Gadd "Well I ask you who was on the zoning and appeals board and you said nobody."

Mayor Doss "I had one person on there."

Ms. Gadd "You said Kay Thurman was on it."

Mayor Doss "The zoning and appeals board doesn't meet unless there's an issue so whenever there is an issue there will be at least two if not three people on there. I have now got three people on there and I think all three of them are here tonight."

Ms. Gadd "I consider this an issue."

Commissioner May "I think back in October we abolished something about the trailer parks I remember that and I'll look and find out what it was."

Mayor Doss "You think it was October."

Commissioner May "I think it was October when we abolished we had discussed about getting it back with somebody."

Mayor Doss "I'm going to ask the city recorder to look back in it and send out a packet with those minutes to all board members where we can look at what we discussed."

Ms. Gadd "Well there is three trailer park owners here tonight and we consider it whatever you call it."

Mayor Doss "Okay anything else?"

Ms. Gadd "I think you should set up a time with the zoning board."

Mayor Doss "Okay we will look back at minutes and notify you what action the board did. "

Ms. Gadd "Alright."

Mayor Doss "Thank you ma am."

A motion to adjourn was made by Mayor Doss; 2nd by Commissioner Kaylor.
Motion carried 4-0.
